## Editorial

Hi there Amigans

Well, it's nearly Christmas again and we're still surviving. Yes, another year gone and we're holding on as strong as ever. It just goes to show what a great machine we've got. There appears to be a bit of a revival occurring in Europe and the UK at the moment, here's hoping it'll keep on going. Did you all have a happy Amiga Hallowe'en? I know I did. Installing AmiKit "Chat Noir" on my new laptop, where it runs remarkably well.

I'd better finish up now and get this issue to our Website, so until next month

Ciao for now,  
Barry R. Woodfield.

## DirectoryOpus 4.18.12 OS4

A quick release of the legendary file manager DirectoryOpus 4 that fixes the crashes that occur when opening external modules on OS 4.1. Launching ConfigOpus and DOpus\_Print should now work as usual again. Other things fixed are all internal, like changed a few function calls to use new 4.x features. Also some of the requesters are now using ReAction instead. A lot more work is needed but since this is quite an important the release it is here now.

"Well, I'm sorry to say that after years of waiting to hear from Gerd Frank of AmiAtlas fame who was supposed to be working on the new V2 I have heard absolutely nothing!!

## Pinhead

A huge muscular man walks into a bar and orders a beer. The bartender hands him the beer and says "You know, I'm not gay but I want to compliment you on your physique, it really is phenomenal! I have a question though, why is your head so small?"

The big guy nods slowly. He's obviously fielded this question many times. "One day," he begins, "I was hunting when I got lost in the woods. I heard someone crying out for help and finally realized that it was coming from a frog sitting next to a stream. So I picked up the frog and it said "Kiss me and I will turn into a genie and grant you 3 wishes."

So I looked around to make sure I was alone and gave the frog a kiss. POOF! The frog turned into a beautiful, voluptuous, naked woman, who said, "Now you can have your 3 wishes." I looked down at my scrawny 115 pound body and said, "I want a body like Arnold Schwarzenegger." She nodded, whispered a few strangewords, and POOF! there I was, so huge that I burst out of my clothes and was standing there naked!

She then asked, "What will be your second wish?" I looked hungrily at her beautiful body and replied, "I want to make sensuous love with you here by this stream." She nodded, laid down, and beckoned to me. "We then made love for hours!"

Later, as we lay there next to each other, sweating from our glorious lovemaking, she whispered into my ear, "You know, you do have one more wish. What will it be?" I looked at her and replied, "How about a little head?"

## The Lost Son

A guy was in a supermarket when he noticed an old lady following him around. Whenever he stopped, she stopped, and she also kept staring at him. She finally overtook him just before the checkout where she turned to him and said: "I hope I haven't made you feel uncomfortable - it's just that you look so much like my late son."

"Oh, that's ok," he said.

"I know it's silly," she continued, "but if you called out 'Goodbye, Mother' as I leave, it would make me ever so happy." The old lady proceeded through the checkout and as she left the supermarket, the man called out "Goodbye Mother." and the old lady waved back at him with a kindly smile.

Pleased he had brought a bit of sunshine to someone's day the man proceeded through the checkout and went to pay for his groceries.

"That'll be 105 dollars and 35 cents" said the girl at the checkout.

"What?" shouted the man. "I've only got these few things!"

"Yes, but your mother said you'd pay for hers as well..."

## Trees

After a blonde crawls out of her wrecked car, the local sheriff asks her what happened.

The blonde began, "It was the strangest thing! I looked up and saw a tree, so I swerved to the right. Then I saw another tree, so I swerved to left. Then there was another tree, and another and another ..."

The sheriff thought for a minute, looked inside her car and then said, "Ma-am ... I don't know how to tell you this, but the only thing even resembling a tree on this road for thirty miles is your air freshener."

## Emergency Landing

Two guys were sitting in a bar getting really drunk. Just drinking gets boring, so after awhile the first guy looks at the second guy and says, "Hey, you want to go up for a ride in my airplane?" The second guy says, "Wow, you have an airplane? Let's go!"

So they get some more beer and go for a tour around the city in the plane. Eventually they get bored with this too, so they decide to land. The drunk pilot starts circling around looking for a place to land, and he sees an airstrip close by. He says to his new buddy, "Let's land here. It looks like it's as good a place as any."

So he circles around and goes in for a landing, but at the last minute he swerves and pulls back up. "Shit!" he says, "That is the **SHORTEST** runway I have ever seen! How is anyone supposed to land on it?" But since it's the only runway nearby, he decides to try again, with the same result.

Getting pretty irritated, the pilot says to his friend, "All right, I'm going to try **ONE** more time, and if I can't land it we're just going to crash and hope we don't die." So they end up crashing, and miraculously neither is hurt. When they crawl out of the wreckage, the first guy is swears and gesticulates wildly at the runway. "I'm gonna find whoever designed this crazy runway and wring his neck! He must be total moron! No one could land on anything that short!"

The second guy looks around and points down the runway saying "Yeah, but look how wide it is!"

## Elephant Cure

Bob goes to the doctor and says, "Doc, I'm having trouble getting an erection, can you help me?" After a complete examination, the doctor tells him, "Well, the problem with you is that the muscles around the base of your penis are damaged. There's really nothing we can do for you unless you are willing to try a new experimental treatment."

Bob asks hopefully, "OK, Doc. What's this treatment?" "Well," says the doctor, "what we would do is take the muscles from the trunk of a baby elephant and implant them in your penis."

Bob thinks about it silently for a while then says, "Well, the thought of going through life without ever having sex again is too much, let's go for it." A few weeks after the operation, Bob was given the green light to use his improved equipment. He planned a romantic evening with his girlfriend and took her to one of the nicest restaurants in the city.

In the middle of dinner, he felt a stirring between his legs that continued to the point of becoming uncomfortable. To release the pressure, Bob unzipped his fly. His penis immediately sprang out, grabbed a roll off the table and retreated back into his pants.

His girlfriend was stunned at first and then said with a sly smile, "That was incredible! Can you do that again?" Bob replied, "Well I guess so, but I don't think I can fit another roll in my arse".

## Small Problem

This couple has been dating for about four months, but the guy had been afraid of making any sexual advances because of his tiny organ.

Finally, he gets up his courage and takes her to a secluded spot in his car. While they are kissing and cuddling, he opens his zipper and guides her hand onto his penis.

"No thanks, darling." the girl exclaims. "You know I don't smoke!"
